Portfolio Website

EDUCATION

University of Leeds   Leeds, West Yorkshire

BSc in Computer Science with Artificial Intelligence   *Oct. 2023 - Aug. 2025*

- In the process of transferring universities, due to job opportunities in London
- On track for a 2:1, Key Modules:
  * Software Engineering Project (88%), Object Oriented Programming (77%), Procedural Programming (75%)

Royal Russell School   Croydon, London

Achieved AAB at A level, and 4 9s at GCSE   *Sep. 2016 - Aug. 2023*

PROJECTS

DeviceLogger   October 2025

Streatham and Clapham School   *London*

- Developed, implemented, and deployed a system to standardise the process of loaning devices for hundreds of pupils and staff members.
- The system tracked device inventory, managed check-out/check-in, and maintained loan history, improving efficiency and accountability.

Full Stack Auction Website   April 2025 - June 2025

University of Leeds   *Leeds, West Yorkshire*

- Within a team of 6, developed a full stack flask-based website centered around auctioning. Includes payment integration, proper use of a database (SQLite), as well as proper redirection for error handling.
- Explored ways to integrate application support, as opposed to exclusively website-based.
- Was also the scrum master for this project, as well as a lead planner. Followed Agile planning for the website.

AI-based Report   April 2025 - June 2025

University of Leeds   *Leeds, West Yorkshire*

- Created an individual report based on the adoption of external languages within social media (specifically between native English, as well as native Japanese speakers).
- Used Python, as well as libraries such as Pandas, NumPy, and Matplotlib, in addition to AI generative tools such as DeepSeek to web-scrape information to create graphs and tables of information for further analysis.

EXPERIENCE

IT Technician   September 2025 - Present

Streatham and Clapham School (GDST)   *London*

- Provided first-line IT support to staff and students, troubleshooting hardware (desktops, laptops, printers) and software issues.
- Assisted in maintaining classroom AV equipment (projectors, smart boards) and ensuring network connectivity.
- Managed user accounts and supported the deployment of new software across the school's network.

Retail Assistant   October 2021 - February 2022

Mark's & Spencer   *Merton, London*

- Worked as a Retail assistant for Mark's & Spencer in the Merton branch in london. Achieved extremely positive feedback from customers, as well as breaking in-store records for quantity of positive reviews from customers.

President of General Assembly MUN   October 2022

Royal Russell School   *Croydon, London*

- Was a President of General Assembly for RRS40MUN, working in a small team of other students to hold a 5 day debate conference from schools internationally, including over 200 students on campus at any time.
